

Acme Corporation — Q3 2024 Financial Report

For the quarter ended September 30, 2024 (UNAUDITED)

Executive Summary

Acme Corporation delivered strong performance in Q3 2024, with total revenue growing 18.4% year-over-year to \$142.7 million, driven primarily by expansion in our cloud services division (+34%) and international markets (+22%). Net income of \$21.3 million represents a 14.9% net margin compared to 12.1% in Q3 2023. Operating cash flow of \$38.9 million provides ample liquidity for planned capital expenditures of \$15 million in Q4.

Revenue Breakdown by Segment

Segment	Q3 2024 (\$M)	Q3 2023 (\$M)	YoY
Cloud Services	54.2	40.4	+34.2%
Enterprise SaaS	48.9	41.7	+17.3%
